I've been employed at AbSSLC since January 2012. I spent the first 3 ½ years doing Direct Care and then I was blessed with the stipend program which helped me achieve my dreams of being a nurse.

I am now an LVN and I love what I do, but most importantly who I do it for! AbSSLC is my home away from home and my extended family. It is not just a place to earn a check, it's a place to help change lives. Those I serve are what keep me going. They help me learn daily and I know the work I do makes a difference in their lives!

Carissa Mason, LVN

Choosing a career at the Abilene State Supported Living Center has been a great decision for me. I've worked as an LVN in various places, including hospitals. I find that I am able to make the biggest positive impact on people's lives here, and I get to use my nursing skills while I do it. The benefits are great, and there are opportunities to advance. I truly do like my job.

Jody Morris LVN

I've worked at ASSLC for almost two years and I will be the first to tell you that the individuals we serve here are what sets AbSSLC apart from anywhere else. I find so much reward in feeling like I truly make a difference in the lives of the individuals here. The work is challenging, but the positive atmosphere at AbSSLC is noticeable and unsurpassable at all levels. The people here are genuine, helpful, and truly want you to succeed. I take pride in working for a place where everyone pulls together as a team to reach our overall vision of empowering people to live a life of dignity and increased independence.
