Deadline extended until April 13th!

In an attempt to ensure that all employees are provided the opportunity to participate in the Survey of Employee Engagement, the University of Texas at Austin's Institute for Organizational Excellence (IOE) has provided an alternative option to access the online survey for those employees without an active email address. Employees of the State Supported Living Centers go to <http://www.orgexcel.net/SSLC> and in the access code box on the lower part of the screen, enter your Employee ID number to complete the survey.

The survey is 100% anonymous – The employee ID is used only to validate the survey process – it is not associated with your answers.

The survey can be done at work (on State time) or from your home computer.
