A group from AbSSLC showed off their support for the Texas Rangers while attending the game on May 22<sup>nd</sup>.

### #3 Life's Short So Dance Like Groot by Zach

Zach's version of Groot is made from tree bark on canvas. Zach enjoys visiting with people, working at the coffee shop on campus, and creating art and beautiful jewelry. You can probably guess his favorite movie is "Guardians of the Galaxy," and his favorite character is Groot.

This is one of the art pieces done by someone living at AbSSLC. It was featured recently at the Texas Capital.

Abilene has already experienced severe weather as shown by the tornadoes that touched down in parts of Abilene on Saturday, May 18<sup>th</sup>.

Although the facility did not suffer any damage, it's an opportunity for you to ensure you know where to go in the event a storm is threatening campus.

Each occupied building has a "AbSSLC Emergency Egress Plan". This shows you the safe zones inside the building (used to shelter from storms) as well as information related to fire safety and evacuation routes. You should be familiar with this information in the building(s) you normally work in as well as areas you may float to.

We watch the weather very, very closely when it's in our area and will issue a "Take Cover" alert (using the siren and phone calls) if it approaches campus. We try not to do this unless it's an immediate threat due to how upset many become but the safety of those living & working at AbSSLC is the most important thing.

Hab Services celebrates Red Nose Day 2019. This is part of a national movement to end child poverty in America.
