### Calling in Sick

- If you are calling in for any kind of illness, you **MUST** call the Nursing Hotline **FIRST**. If you or anyone in your household is tested for COVID-19 you must call the Nursing Hotline immediately. You can reach this line by dialing **INFO (x4636)** from any campus phone or by calling **692-4053 x4636** from off-campus.
- **Please watch for calls from the Hotline after you leave a message! The call will come from a "795-3xxx" number** or a Cell Phone number you likely don't know. Nursing **will** return your call but many times they do not get an answer and/or your voicemail is not setup.
- **In addition to contacting Nursing, you must contact Risk Management to complete the clearance process. This is a critical step in closing your file.**
- Remember that you must also clear with Risk Management. This is a critical part in getting you back to work safely. You can reach them at 325.795.3248 (x3248).

# Shout Outs!

Thank You to the **Security Officers** who work hard to make sure the most routine and random situations go smoothly! Y'all are GREAT!

Thank you to the **Grounds crew** for keeping us safe by putting out salt in the slick spots around campus!! We appreciate you and all you do!!

I want to give a shout out to **Susan Harrell** who is the active treatment monitor assigned at 6330 3<sup>rd</sup> Street. She is always setting a good example for the staff. She doesn't just "monitor" she teaches the staff how they can do better. She has always been a huge asset to the home and that hasn't changed even in her new position. I also want to recognize **Judy Heath** who is the activity center staff assigned to 6330 3<sup>rd</sup> Street. She is always helping staff out whether it be with meals or active treatment or anything in between. This past year has been difficult to say the least and both of these ladies have made things bearable with their amazing attitudes!

A Shout Out to the '**keepers of the gate**'. They cannot get enough praise and recognition. In rain, sleet, snow, cold, heat, and dark of night, they are the first line of defense in helping to keep our campus safe. Always friendly and pleasant, I appreciate them so much.

Thank you to the **nursing crew** that makes vaccine clinic so organized, easy, and comfortable! You're awesome!

Julliana Delacot (Payroll) was the latest winner of the \$100 givey by Associate Commissioner Scott Schalchlin.

## Shout Out!

Have you seen someone do the above & beyond or just want to recognize great work?

It's easy to do a Shout Out!
