Calling in Sick

- If you are calling in for any kind of illness, you **MUST** call the Nursing Hotline **FIRST**. If you or anyone in your household is tested for COVID-19 you must call the Nursing Hotline immediately. You can reach this line by dialing **INFO (x4636)** from any campus phone or by calling **692-4053 x4636** from off-campus
- **Please watch for calls from the Hotline after you leave a message! The call will come from a "795-3xxx" number** or a Cell Phone number you likely don't know. Nursing **will** return your call but many times they do not get an answer and/or your voicemail is not setup
- Remember that you must also clear with **Risk Management**. This is a critical part in getting you back to work safely. You can reach them at 325.795.3248 (x3248)

Sunday, March 14th @ 2am

But I was here ...

You are not considered to be at work until you are at your work area – in other words, you need to be at your home/department at the scheduled start of your shift or as otherwise directed by your supervisor.

Being in line at the gate (or at the Diner/LSCTCH) means you are on campus but this does not count as "on time" for work. When contacting the RCCs to tell them you have arrived at the home for work, you must do so from a State phone – not your cell phone.

Big thank you to the **gate-check men and women** who continue to work in varying temperatures/weather conditions and greet everyone with a smile!

Shout Out to **Joe Rodriguez** at 6710 Circle Drive for going beyond for his individuals on the home - always making sure a shift is covered and just being a great DSP III! YOU GO JOE!

I would like to give a shout out to the PNMP Coordinator at 5971/5972 Service Avenue - **Shanna Barron**.
