Total Individuals Recovered	117
Total Staff Tested Positive	546
Total Staff Recovered	542

Please note that this information is subject to change daily. The numbers shown are current as the date shown at the top of the chart.

Calling in Sick

- If you are calling in for any kind of illness, you **MUST** call the Nursing Hotline **FIRST**. If you or anyone in your household is tested for COVID-19 you must call the Nursing Hotline immediately. You can reach this line by dialing **INFO (x4636)** from any campus phone or by calling **692-4053 x4636** from off-campus.
- **Please watch for calls from the Hotline after you leave a message! The call will come from a "795-3xxx" number** or a Cell Phone number you likely don't know. Nursing **will** return your call but many times they do not get an answer and/or your voicemail is not setup.
- **You must report being tested for COVID-19 (and then report your results if applicable) immediately to the Nursing hotline. Failure to do so will result in disciplinary action.**

World Social Work Day

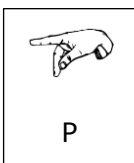

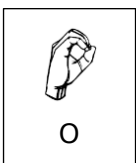

Please take a minute to thank our Social Workers for the work they do for those we serve and their families.

CareTracker Kiosk Down?

If your CareTracker Kiosk isn't responding, the quickest (and often the best) thing to do is to reboot the machine. The Kiosk is just a regular computer that's dedicated to IRIS – a frequent reboot can be amazingly helpful and get things back into working order.
