# Shout Outs!

## July is PNMP-Cs and Hab Therapy Techs Month!

We currently have 11 PNMP-Cs that work directly with training and monitoring in the homes. These Physical Nutritional Management Coordinators (PNMP-C) are cross trained by OT, PT, Speech, Audiology, Dietitians, and the Wheelchair Shop to be able to support those we serve through implementation of the PNMPs across campus. They each carry 2-3 homes on their caseload and are out in the homes working daily. We appreciate all they do every day!

Bobbi Jo Thomas

We also have one Hab Therapy Tech, Bobbi Jo, who assists with programming, drives the Hab Van, performs data entry, and does various other jobs in the Hab department. She is invaluable to keeping the Hab Department functioning!

Suzanne Sargent

Also a BIG thank you to **Suzanne Sargent** who supervises all the PNMP-Cs as well as Bobbi Jo. She is awesome at her job and does lots of things behind the scenes!

I just wanted to compliment the young lady that is answering the phone at the dinner - **Ms.**

**Hargrove**. I am so impressed in her phone presence. She is always so happy, cheerful and helpful. I haven't eaten there often over the last 12 years, but I may start just so I can hear her voice! Truly brightens my day!

Shout out to the **Maintenance guys** who helped @ 5971 Service on Friday. We had some broken electrical plugs and they stayed until almost 6 pm to fix them and ensure safety. We appreciate y'all!
