“Work where your work makes a difference”

Enjoy Great Benefits!

In addition to the personal rewards that helping others can provide, HHS offers an attractive compensation program that includes many standard benefits.

Benefits include:

- Paid health insurance for employees, with group rates for dependents
- Paid life insurance of \$5,000. Additional amounts can be purchased
- Dental insurance available at group rates
- Paid vacation (8-20 hours per month, based on years of service). Eligible to use after 6 continuous months of state service
- Paid sick leave – 8 hours each month
- Retirement benefits
- Up to 15 paid state and federal holidays per year

Nurse II

The RN - Case Manager performs complex nursing work. Work involves providing for the assessment, care and treatment of patients. Works under general supervision, with the expectation for the use of initiative and independent judgment. Responsible for the provision of oversight of the delivery of nursing care necessary to meet the health care needs of persons served. Responsible for the assessment, diagnosis, care intervention, evaluation and documentation of healthcare needs and/or issues of the people served. Responsible for reporting health care needs and/or issues to the appropriate person and creating care plans that accurately and definitively direct the implementation of all necessary care. As a member of the Personal Support Team, works closely with members of other disciplines to assure that communication is in place to provide a most consistent, highest quality interdisciplinary guided care for all persons served. Supervision of the RN - Case Manager is as determined by the facility. Successful completion of duties requires the use of nursing skills and judgment as well as the use established nursing methods, procedures and techniques. The RN - Case Manager has no financial responsibility but is accountable for assigned property. Provide treatment to HHS employees injured in the course and scope of employment.

Starting salary is \$5,583.33/month plus shift differential for 2-10 and 10-6 shifts.

Nurse I (Direct Care RN)

The Direct Care RN performs routine nursing duties. Work involves providing for the assessment, care and treatment of individuals. May train others. Works under moderate supervision, with limited latitude for the use of initiative and independent judgment. Works under the supervision of the Nurse Manager. The Direct Care RN may assign nursing responsibilities to the Direct Care LVN in accordance with the Nurse Practice Act. The responsibility of the Direct Care RN is to provide for and supervise the professional nursing care of the individuals who reside in a State Supported Living Center. The Direct Care RN is available to unit personnel to make nursing decisions on a 24-hour basis. She/he is a member of the professional team and shares responsibility with other team members for the development of the individual's program. Work involves communication skills, i.e. relaying information to other team members, Primary Care Provider (PCP), nurses; data entry, documentation, completing reports, maintaining personnel records, supervisory duties, and following all facility rules/policies. Provides treatment to HHS employees injured in course and scope of employment.

Starting salary is \$5,250 per month plus shift differential for 2-10 and 10-6 shifts.

My name is Chelsey Cunningham - I have been at the Abilene State Supported Living Center for over 7 years. I love being a nurse here because it is both rewarding and challenging. It has allowed me to build a relationship with the residents unlike any other profession I have been in. I get to experience their achievements and watch them grow in their independence while knowing I helped them get there. Not only do I work with amazing residents, but also have had the privilege to work with great coworkers as well. Coworkers who push me to be a better nurse and are willing to help me get the job done. Working at the Abilene State Supported Living Center has given me so much love and achievement; it makes me excited for the years to come!

Chelsey Cunningham, RN

AbSSLC has been a part of my life for the past 26 ½ years! In the various positions at this facility from clerk, administrative assistant and now as a Registered Nurse, the individuals who live here have always been the main reason I have stayed. I was blessed with supportive coworkers and leaders to return to school to obtain my RN license. The ability to make a difference in their lives by providing genuine care on a daily basis is extremely rewarding to me. I truly enjoy my work as an RN and strive to do the best possible job I can every single day. Being involved with the individuals who live here, seeing their accomplishments no matter how big or small, smiling when they are happy, providing comfort when they are sad, assisting in their health care needs, and advocating and being their voice when needed is a true calling and blessing. I love my job!

Shonica Tatum, RN

I have worked at AbSSLC for 22 years working my way up from a direct support professional, an LVN and now a Registered Nurse working in Quality Assurance. I have always believed that I work in the homes of the individuals that we serve, not the other way around. When I leave work every day, it is satisfying knowing that I work for the people that reside here and it is a rewarding job!

Angela Reimann, RN
