COVID19 Testing

Week of 06.28.2021

We should know by noon Monday if testing is required this week. Our testing frequency is based on numbers received from CMS.

If testing is required, we will follow our normal Tuesday/Wednesday schedule and will announce it via text & email

Are you signed up for the AskAdmin text group? This is the best way to keep up with happenings at AbSSLC! Text **AskAdmin** to **474747** to join!

Can we find you?

Having current (and **accurate!**) information about you at the Switchboard and in CAPPS is very important. We have instances where we have tried to reach staff or send important information to their home and don't have accurate information. Employee Information Sheets will be distributed this week – please take a few minutes to verify the information and return the sheet to your supervisor by 07-15-2021. You should also verify information in CAPPS & ERS to ensure it is current!

Life Safety Code Tip of the Week

Life Safety Code visited campus last week to close all outstanding issues. This usually means their annual visit is right around the corner! Be looking around your home/department for safety related issues or things that need attention. This is a best practice to follow every day of the year!

Glenda's Second Edition

(GSE) is now able to take your good/clean donations!

Bring your donations to GSE on Mondays from 8:30a-2:30p or Wednesdays from 9:30a-2:30p. If you need to make arrangements to bring donations on another day, please call Cindy at x3386. Donations from those off campus will need to be arranged through Community Relations (Cindy: 325-795-3386 or Shae: 325-795-3547).

All the money made at GSE goes to the Volunteer Services Council (VSC) and is used for improving the quality of life for the people who live here!

Shout Outs!

Shout out to **Marty Underwood** for being friendly and helpful whenever staff ask about the Activity Center, and for working hard to accommodate action plans for the Activity Center.

I would like to recognize the **6350 1st Street IDT** for their flexibility and dedication to figuring out big issues these last few weeks. They all have a deep passion for serving the individuals at this home and put their heads together to come up with amazing supports. I would also like to recognize and praise the **6350 Home Supervisor & Home staff**. They have been incredibly shorthanded and holding over almost daily working very long shifts while still providing amazing care for our individuals. Awesome Job everyone.

Shout out to **Robin in Cosmetology!** She not only does the hair for those served at AbSSLC but also helps in Risk Management, the Sewing Room and anywhere else needed when not cutting hair. Her willingness (and attitude) to help others is most appreciated!

A special shout out to **everyone involved in the moves** the past two weeks. Moving 1 or 2 people can be tough, moving 5-10 a challenge, 10-20 a big challenge but 40+ is an amazing thing! Everyone worked together to make this happen for the benefit of those we serve. Thank you to **JT Gullick** for overseeing this!

I want to give a shout out to the **6-2 shift at 6510 Peach** for awesome teamwork. You can truly tell that no man gets left behind with us. We all pick each other up, we have each other's back. We truly love and care for the residents and it shows tremendously. The 6-2 shift rock! Oh, and we couldn't do it without our **awesome lead Andrew**. He is so calm, cool, and organized. Perfect man for the job.

Shout out to **Wyatt Rodgers** - he's a brand-new BHS who is already impressive. He works hard and is working to update plans and bring in good data.

Shout Out!

Have you seen someone do the above & beyond or just want to recognize great work?

It's easy to do a Shout Out!

- "Reply" to any of the update texts you receive through the AskAdmin Text Group
- Email Jeff Goza with their name and your comments
- Text their name and your comments to 325.370.4525

Let's **Shout Out** and recognize others!
