Is someone Phishing in your Mailbox?

Phishing emails have become more and more common. You are likely seeing an increase in your both your work and personal emails.

Many times, the email is obviously fake but there are those that look very real – and sometimes very scary – that you may be tempted to open or respond to.

A few tips on reading/responding:

- If it looks too good to be true, it probably is. It's unlikely you will get a real email from someone in another country willing to give you a million dollars because you help them get their money to the US.
- Most companies/banks/etc. will **never** ask you to verify your password or username. If you get this kind of email, **don't** click the link – instead, use a secure browser and go to their website.
- If you get a suspicious email on your work (HHS) account, left-click on "Phish Alert" at the top right of the screen.

A little attention to your email can go a long way. Don't be a victim!

Thank you to our Social Workers for the service they provide to those that live here and their families!

Shout Outs!

We have THE most amazing **Maintenance Crew** and we appreciate all they do to keep AbSSLC looking great, safe, in good repair, and all the behind the scenes work we never see them do! Thank y'all for taking such great care of the people who live (and work) at AbSSLC!

We are blessed to have 2 amazing dieticians at AbSSLC. It's not easy keeping up with calories, BMI, dietary needs, and complete all required paperwork (while getting stared down for their dietary recommendations) for the people living at AbSSLC. These ladies work their magic every day, but especially for special events to ensure the people we serve can enjoy life while staying safe and receiving the proper nutrition. Thank YOU **Tricia** and **Nicole** for all YOU do for the people we serve!

I want give a (big) shout out to **Joe** in the welding shop for going above and beyond the call of his regular work duties. Joe not only dug out the hole to find our water line that was leaking but was willing to get in the hole in the cold and help out putting in the new replacement line to fix our problem. Thank you, Joe for going the extra mile to help your plumbing shop. This is the kind of work ethic that makes the Abilene State Supported Living Center Maintenance Department a great place to work.

Congratulations to our Tier I Leadership Development Graduates for Spring 2022!

Shannon Harvey – Medical Records
Danielle Davis – 6690 Circle Dr.
Candice Moore – Risk Management
Chris Brockmeyer – Accounting
Alisha Quevedo – Behavioral Services
Keri McClure – Activity Centers
